EVERYDAY CARE ESSENTIALS

Water-based Fabric Cleaner
For Stains & Spills

DIY Solution
Small amount of dish soap or washing detergent mixed with lukewarm water (below 40°C)

Cloth or Sponge
Lint-free and fade-resistant

Vacuum Cleaner
With a small, gentle attachment

Reusable Lint Roller
If you have pets

FABRIC CLEANING CODE

A cleaning code indicates which cleaners suit the fabric. It does not mean the upholstery is machine washable, steam cleanable, bleach-safe, or stain-proof. Always follow product-specific care instructions.

- W

Water-Based Care
Use only a water-based upholstery shampoo or foam cleaner.
- S

Solvent-Based Care
Use only a water-free cleaning solvent formulated specifically for upholstery.
- W/S

Water- or Solvent-Based Care
Use either a water-based upholstery cleaner or a furniture-safe dry-cleaning solvent.
- X

Vacuum-Only Care
Clean only by vacuuming or gently brushing with a soft, non-metallic brush.

VELVET SUEDETTE

Care Level - Gentle Nap Care

Available Products

Mellow · Cora · Nivala

Soft Handfeel | Plush Texture | Smooth Finish

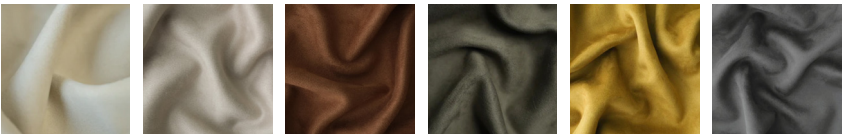

Velvet and suedette are known for their soft, plush handfeel and refined surface texture. Their smooth finish and rich visual depth bring warmth, comfort, and an elevated look to any space.

Velvet

Suedette

WHAT YOU'LL NEED

In addition to the Everyday Care Essentials on page 2, the following tools are recommended for fabrics in this category.

Soft Clothes Brush / Suede Brush

For scratches from pets

HOW TO CLEAN A WET STAIN?

Soak up any excess moisture using a clean, dry cloth as soon as you can!

To be extra safe, test the cleaning solution on a small, inconspicuous area first to check for discoloration or damage.

Apply to the stained area and rub slowly and gently to remove the stain, using small, repetitive strokes.

Always work from the outside in on any stain to prevent it from bleeding.

Allow the area to air dry completely, do not blow dry and avoid sitting on it until it's fully dry.

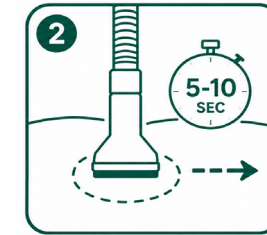

Brush the fabric gently in the direction of the nap with a soft brush after it is completely dry.

HOW TO CLEAN A DRY STAIN?

- ① A vacuum with a small attachment makes dry stains easier to clean.
- ② To prevent stains from spreading, hold the suction in place and change its position after 5-10 seconds instead of doing long strokes.
- ③ For leftover residues, use the same method you'd use for a water-based stain.

HOW TO KEEP IT FRESH?

Vacuum every 1-2 weeks!

Use the crevice tool and soft brush attachment to remove dust and dirt gently, and rotate the pillows.

If you're a pet owner, a pet vacuum or a reusable lint remover will help remove pet hair that may have accumulated.

For scratches, light marks can be removed with a soft clothes brush, brushing gently in the direction of the nap. Heavier or stubborn marks can be removed with a suede brush.

Please note continuous nibbling, scratching can damage Velvet / Suedette. We suggest that you clip your pet's nails frequently and buy teething sticks to prevent damage.

Care Level - Routine Surface Care

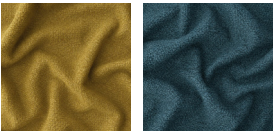

Available Products

Lumi · Atlas · Fana · Beryl · Zola · Vensa · Cushyland · Mareta · Maven · Ember · Aton

Inviting | Soft-touch | Durable

Warm and welcoming with a soft, comfortable hand feel, these textured fabrics bring an inviting sense of ease to everyday living. Designed to balance tactile comfort with dependable durability, they stay beautiful through daily use with routine care.

WHAT YOU'LL NEED

In addition to the Everyday Care Essentials on page 2, the following tools are recommended for fabrics in this category.

Soft Dusting Brush

If you have pets

Leather Conditioner

For routine maintenance

HOW TO CLEAN A WET STAIN?

Soak up any excess moisture using a clean, dry cloth as soon as you can!

To be extra safe, test the cleaning solution on a small, inconspicuous area first to check for discoloration or damage.

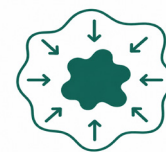

Wring out the cloth until it is slightly damp, then gently wipe the stained area using short, gentle strokes.

Always work from the outside in on any stain to prevent it from bleeding.

Wipe over the material and dry thoroughly with a soft dry cloth.

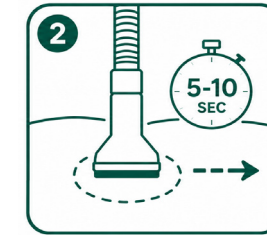

Remove any remaining soap solution by wiping the area with a cloth and clean water.

HOW TO CLEAN A DRY STAIN?

- ① A vacuum with a small attachment makes dry stains easier to clean.
- ② To prevent stains from spreading, hold the suction in place and change its position after 5-10 seconds instead of doing long strokes.
- ③ For leftover residues, use the same method you'd use for a water-based stain.

HOW TO KEEP IT FRESH?

Vacuum or brush every 1-2 weeks !

Use the crevice tool and soft brush attachment to remove dust and dirt gently, and rotate the pillows.

Do not use bleach, alcohol or cleaners containing abrasives.

Apply the leather conditioner once every six months for regular maintenance. Patch test a small non-visible spot first and let it dry to make sure you like the effect it has on your material.

Please note continuous nibbling, scratching can damage vegan and genuine leather. We suggest that you clip your pet's nails frequently and buy teething sticks to prevent damage.

PRODUCT CARE GUIDE

OUTDOOR SOFA CARE

Terry · Olefin · SDP (Solution-Dyed Polyester)

Care Level - Easy Everyday Care

Available Products

Sylva · Moss · Vento · Solora · Ciela · Terra

Refined Texture | Lasting Beauty | Outdoor Resilience

Designed for life outdoors, Olefin and solution-dyed polyester balance lasting color, quick-drying performance, and everyday resilience. Their refined woven texture creates a relaxed, elevated feel, while simple care helps keep the fabric looking its best season after season.

WHAT YOU'LL NEED

In addition to the Everyday Care Essentials on page 2, the following tools are recommended for fabrics in this category.

Soft-Bristled Brush

For dust, debris, and light surface dirt

Garden Hose

For routine maintenance

HOW TO CLEAN CUSHIONS & PILLOWS?

Vacuum the cushions to remove loose dirt and debris.

Remove the covers and gently scrub the entire surface with a soft brush and cleaning solution, focusing on stains.

Rinse off the cushions with a garden hose using medium pressure.

Squeeze out excess water and let the cushions air-dry in a sunny spot. Avoid using blow dryers or tumble dryers.

Machine wash the cushions with cold water if necessary, but limit this to once a season at most.

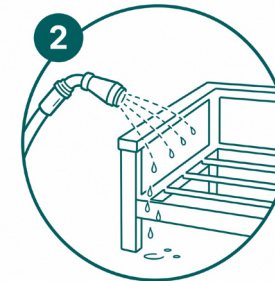

Avoid dry cleaning, bleach, or fabric softener, as they can damage the cushions.

HOW TO CLEAN THE FRAME?

- ① Wipe the surface with a soft damp cloth dipped in mild soap and water.
- ② Rinse off any remaining detergent solution using a garden hose on low pressure.
- ③ Make sure to thoroughly dry the frame using a clean cloth.

HOW TO KEEP IT FRESH?

Brush off dirt and debris and vacuum cushions and pillows as needed.

Quickly spot clean spills and stains with a wet cloth and fabric cleaner.

Wash cushion covers once or twice a season and ensure they are fully dry before storing.

Cover or store your outdoor furniture in a cool, dry place when not in use to extend its lifetime.

PRODUCT CARE GUIDE

REMOVABLE COVER CARE

Atlas · Maven · Lumi

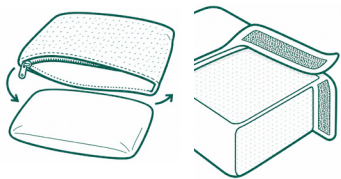

Care Level - Delicate Texture Care
● ● ● ● ●

ATLAS

Available Fabric
Boucle · Linen-like · Striped Faux Fur · Chenille

Full-Sofa Coverage
All Removable Covers

Prep for Wash
Unzip to remove the pillow cover and unfasten the Velcro to detach the slipcover, then zip the pillow cover before washing to prevent tangling.

ATLAS
MAVEN
LUMI

Care Level - Routine Surface Care

Maven

Available Fabric
Cotton · Chenille

Washable Covers
Seat Cushions · Back Cushions · Throw Pillows

Recommended Method

We recommend washing with cold water by hand to minimize natural shrinkage of 100% cotton fabric. Avoid prolonged soaking.

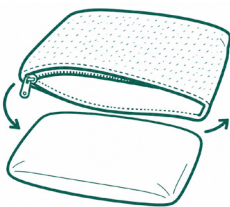

Care Level - Routine Surface Care

Lumi

Available Fabric
Linen-like

Washable Covers
Seat Cushions · Back Cushions · Throw Pillows

Before Washing

Vacuum first, then remove washable covers. Close all zippers before washing to prevent tangling. Spot clean fixed backrest upholstery only.

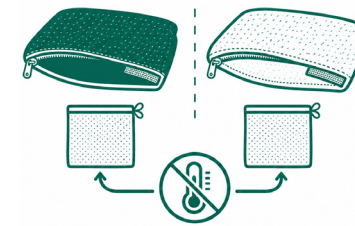

HOW TO MACHINE WASH

Gentle Machine Wash

Machine wash in a delicate cycle with a gentle water-based detergent and cool water.
Using a laundry bag as needed. Air-dry completely to maintain shape.

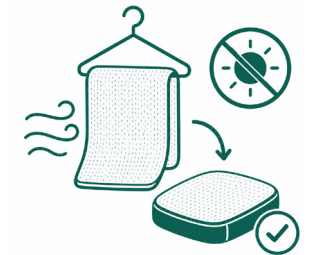

Color Caution

Dark-colored products may slightly fade during washing. Avoid prolonged soaking or high-temperature washing and wash separately from light-colored fabrics.

Drying

Air dry only. Please hang the fabric to dry naturally. Avoid direct sunlight exposure to prevent accelerated fading and fabric yellowing. Ensure the cover is completely dry before reinstallation to maintain its original shape.

What's Inside Matters

Built With Confidence

Foam · Upholstery · Engineered Wood

Materials, Certifications & Performance Standards

Every layer is selected with comfort, durability, and material responsibility in mind. From foam and upholstery to engineered wood, our products are evaluated through recognized certifications, material specifications, performance tests, and compliance standards.

BUILT ON
BETTER
STANDARDS

1 / FOAM

PFAS-FREE FOAM

Foam used across our seating collection is specified without intentionally added PFAS.

- Fewer unnecessary chemical concerns, so you can feel more confident about the furniture you bring into your everyday living space.

CERTIPUR-US® CERTIFIED FOAM

Our foam meets recognized CertiPUR-US® standards for safety, environmental performance, and durability.

- Comfort you can settle into with greater peace of mind—designed with both your home environment and long-term use in mind.

HIGH-PCF FOAM

Selected high-PCF foam offers enhanced density, support, and resilience.

- A fuller, more supportive sit with reliable rebound—helping your sofa maintain its comfort and shape through everyday use.

2 / ENGINEERED WOOD

TSCA TITLE VI & CARB PHASE 2

MDF used in applicable coffee tables complies with TSCA Title VI and CARB Phase 2 requirements for formaldehyde emissions.

- Carefully selected engineered wood materials help support a more considered indoor environment and greater confidence in everyday use.

3 / UPHOLSTERY

OEKO-TEX® STANDARD 100

Selected upholstery fabrics are tested for harmful substances under OEKO-TEX® STANDARD 100.

- Greater confidence in the surfaces you touch every day—especially for sofas designed for frequent, close-contact use.

30,000 MARTINDALE RUBS

Applicable upholstery fabrics achieve 30,000 rubs in Martindale abrasion testing.

- Designed to stand up to everyday sitting, frequent use, and active households while maintaining a refined appearance.

AATCC 130 · 4.5/5

Applicable fabrics achieve a 4.5/5 stain-release rating under AATCC 130 testing.

- Common spills and everyday marks are easier to clean, helping your upholstery stay fresh and well cared for over time.

Certifications, material specifications, test methods, and results may vary by product, fabric, and color. Please refer to the individual product specifications for applicable details.

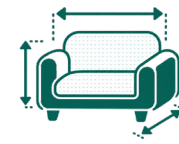

CUSTOMIZATION SERVICES

At Acanva, select customization options may be available upon request to help create a piece that feels uniquely yours.
