Assembly instructions

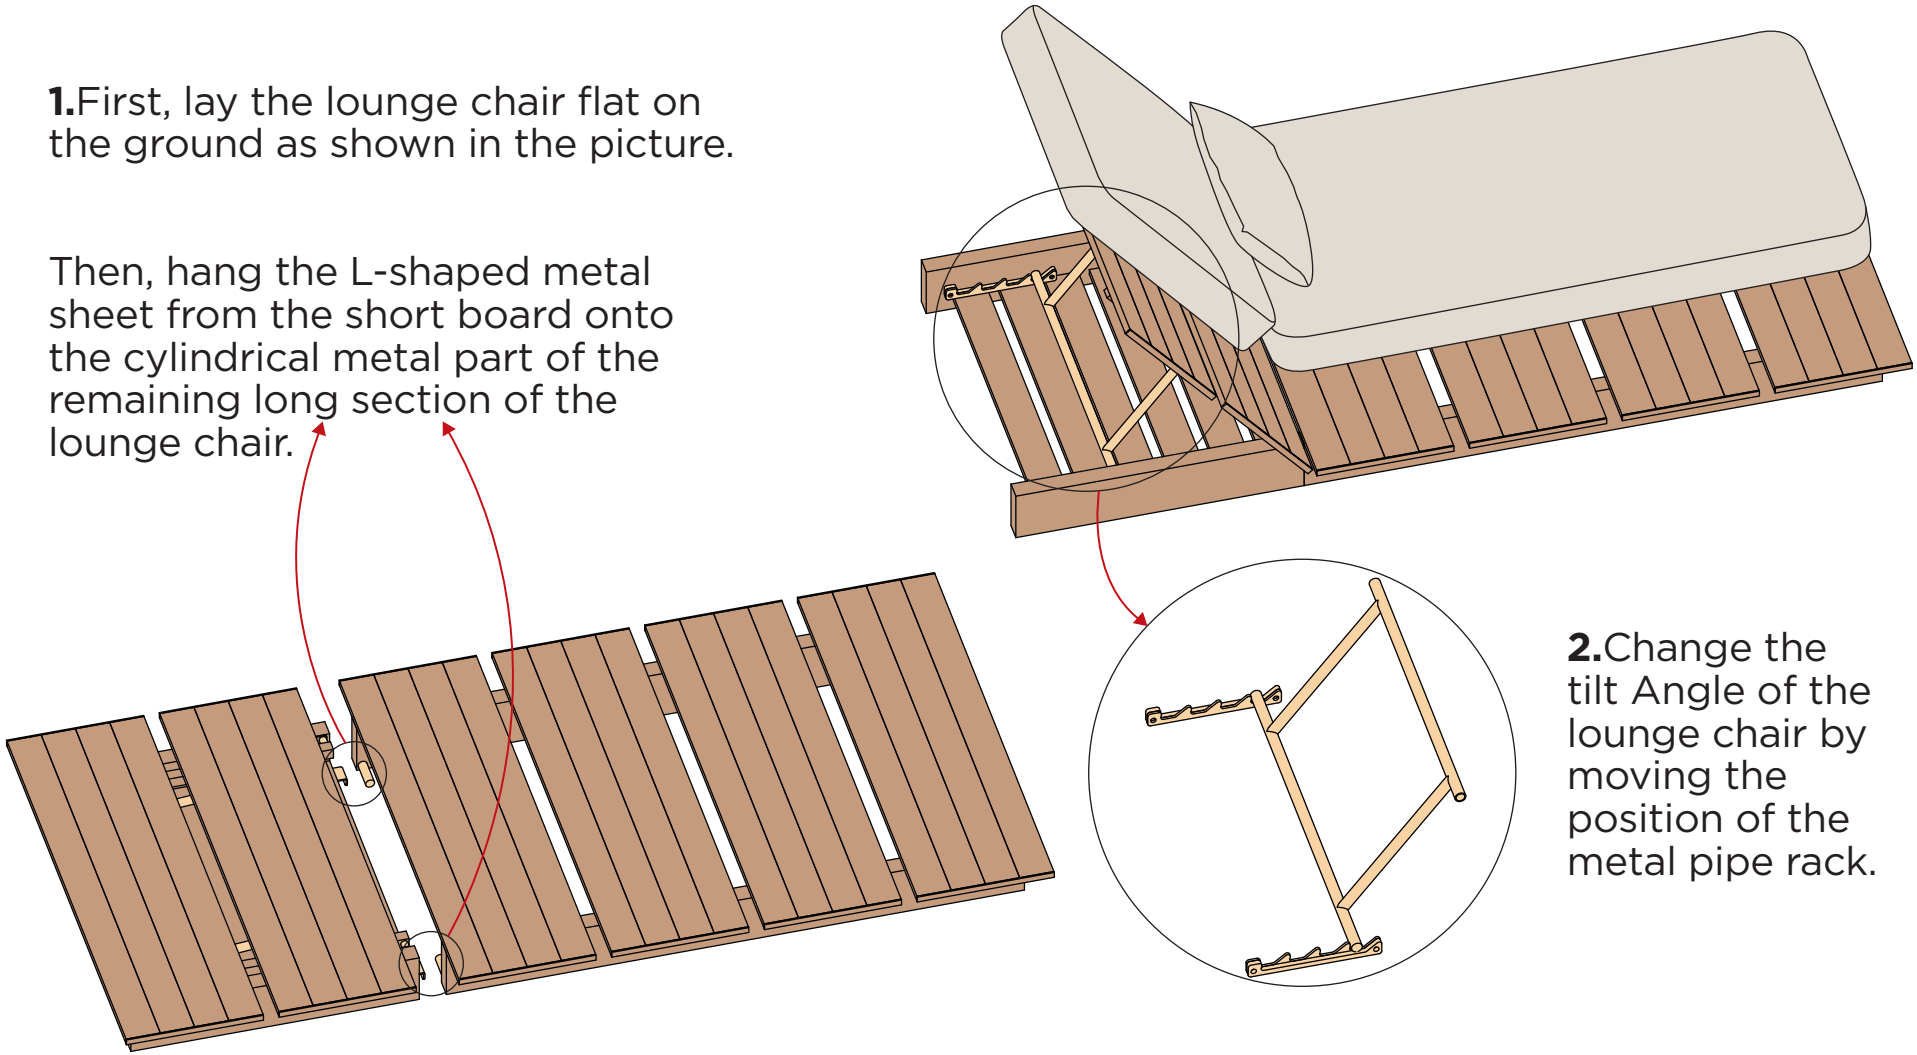
Notice : Be careful of getting injured when moving the heavy lounge chair. Be careful not to pinch your hand when moving the metal pipe rack.

acanva®

SKU: AZH609

1.First, lay the lounge chair flat on the ground as shown in the picture.

Then, hang the L-shaped metal sheet from the short board onto the cylindrical metal part of the remaining long section of the lounge chair.



2.Change the tilt Angle of the lounge chair by moving the position of the metal pipe rack.
