1.Align the notches on each pair of legs and slot them together as shown. Match the letter markings: A with B, and C with D.

2.Fit both ends of the crossbar into the corresponding slots on the legs, then insert the screws. Do not fully tighten them yet.

3.Place the tabletop upside down on a flat, soft surface. Align the leg assembly with the mounting holes in the tabletop as shown, then insert the screws. Once all screws are in place, tighten them securely.

4.Carefully turn the table upright. Check that the legs are secure and the tabletop is level. Assembly is complete.
